Jl. Menteng 3 Gang. Sekolah No. 20

As a graduate of Telkom Institute of Technology Purwokerto, I am a Junior Web Developer with strong understanding in web development. I have skills in using React, NodeJs, ExpressJs and MongoDB. I have good analytical ability and able to work in a team with effective communication. I have been involved in web development projects, providing a practical understanding in the software development cycle. With dedication, passion, and desire to keep learning, I am ready to make a positive contribution as a Junior Web Developer in my intended company.
